

The Impact of Covid-19 on Nurse Manager Leadership Characteristics

Dr. Karen Fowler, RN, PhD, CENP
Dr. Leslie Robbins, PhD, APRN, PMHCNS-BC, PMHNP-BC, FAANP, AMEF

Learner Objectives

At the conclusion of the presentation, the learner will:

- 1 List leadership characteristics investigated in the research survey
- 2 Relate the research findings to leadership changes 18 months after declaration of the pandemic
- 3 Apply finding of the study to nursing leadership

The presenter discloses no sponsorship /commercial support for the presentation

Leadership Characteristics

- Passive-Avoidant**
Least desirable- displays many avoidance characteristics
- Transactional**
Focus is on getting the task completed
- Transformational**
Multidimensional and embody the process of goal achievement

Avolio, B. J. & Bass, B. M. (2004). Multifactor leadership questionnaire. Mind Garden, Inc.

Leadership Characteristics
